SPOTLIGHT ON UTAH: SKI THE GREATEST SNOW ON EARTH

This trip is the variety pack for those who want to make the most of their trip to Utah by skiing FIVE FAMOUS SKI AREAS. We have our own private coach to take us from the hotel to the ski area every day—so no waiting for public transportation.

Every evening, you're back in the city enjoying great restaurants and a dynamic nightlife. We're staying seven nights at The Crystal Inn in downtown Salt Lake City. This hotel is just one mile from the Historic Temple Square.

The Crystal Inn features oversized guest rooms—two per room. All rooms include a mini fridge, microwave, coffee maker and hair dryer. The hotel offers a FREE hot breakfast buffet, FREE high-speed wireless Internet access throughout, coin-operated laundry on site, a pool and hot tub.

Did we mention the world-class skiing and snowboarding? There's a reason they've trademarked the phrase The Greatest Snow on Earth™—it's lake-effect snow from The Great Salt Lake. The lake is too salty to freeze, so when cold air passes over it...voilà! Lake-effect snow all over the Wasatch Mountain range. Guaranteed.
